7th July, 2008.

Prime Minister Gordon Brown,
No. 10 Downing Street,
London. United Kingdom.

His Excellency,

Implications of the British Human Fertilisation and Embryology Bill for Africa

The African Anti-Abortion Coalition (AAAC), Scientific and Ethical Councils have been studying the implications of the British Government's Human Fertilisation and Embryology Bill for African countries. In our letter dated 27th July 2007, to you and other G8 leaders on the 2nd Anniversary of the 2005 Declaration of G8 Africa Action Plan, we detailed the consequences of the decision of the G8 leaders to tie abortion rights to foreign aid, and its implications for Trans-Atlantic Embryonic Tissue Trafficking from Africa. At present, our specific concerns about this Bill are that, the supporters of the Human Fertilisation and Embryology Bill, are seeking to have as options, all three main avenues of research attempting to derive autologous (matched) pluripotent stem cell lines: somatic cell nuclear transfer (SCNT) using human eggs, SCNT using animal eggs, and reprogramming of adult somatic cells to create Induced Pluripotential stem cells. Furthermore, the use of Chimeric Human Embryos Clause 4(5)(d) of the Bill, the use of SCNT using human eggs Clause 4(5)(a) and transgenic human embryos Clause 4(5)(c) using human eggs, would facilitate the trade in Trans-Atlantic Embryonic Tissue Trafficking from very poor countries in Africa into Britain and other industrialised countries. Given the success rate of SCNT of 0.1% in animals, and much lower rates in humans, the loss of human embryos in research experiments would be enormous. We believe that the whole issue of HYBRIDS, is an image makeup for Embryonic Stem Cell use to look inherently moral, justifying use of **IVF poached embryos** from Africa.

We have undertaken a theological analysis of the Human Fertilisation and Embryology Bill, and the implications that will arise from the law. The issues we have raised are taken from imageries of the Prophecies in Revelations, in the Holy Bible. We have considered it necessary to share this with you, to keep it in view.

The War Against the Embryo of Jesus Christ

First, the fight about the Embryo is not new, as you can see in Revelation Chapter 12, it was at the center of the fight between God and Satan, for the Embryo of Our Lord Jesus Christ:

Rev 12:4 ... *"The dragon stood in front of the woman who was about to give birth, so that it might devour the child as soon as it was born."*

The principal human actors for the Dragon were King Herod and his wise men (parliament), who responded in:

Matthew 2:16 *"He gave orders to kill all the boys in Bethlehem and its neighborhood who were two years old or under."* It was said that all pregnant women in Judea were aborted at the time.

The war in Heaven lasted three and half years or 1260 days, as recited in Rev 12:6.

During which time, Joseph, Mary and Jesus took refuge in Africa (Egypt, see Mathew 2:13).

The War Against the Embryo on Earth

The Satan's war against the Embryo has descended on Earth:

Rev 12:12 ... *"woe to you, earth and sea for the devil has come to you in anger"*.

The War is patterned to that that was in Heaven:

Revelations 13:1 *"I saw a beast rising out of the seas, with ten horns and seven heads, with ten crowns on its horns."* The governments (like King Herod) of leading economically industrialized nations will promote Embryonic Stem Cell use leading to massive deaths of embryos. They would seek to destroy the embryos from different countries: Rev 13:7 *"It was given authority over people of every tribe, language and nation:."*

Embryos also called the little or Holy ones, Rev 13:10 *"This is, for the holy ones, the time of endurance and faith."* The wound of the Beast refers to the initial rejection of the idea of Embryonic Stem cell use Rev 13:3... *"One of the heads seemed to be fatally wounded but this wound healed"*

The second beast Rev 13:11 “with two horns like the Lamb but speaking like the dragon”...“works great wonders” refers to the idea of Hybrid Embryos with human egg and animal nuclei, and appropriately described as the ‘Beast’, because it is chimera. It is the breakthroughs from Hybrid Embryos that will rehabilitate the idea for the use of Embryonic Stem Cell, once the histocompatibility limitations of hybrids become apparent.

Rev 13:14...“Through these great wonders which it is able to do on behalf of the beast, it deceives the inhabitants of the earth, persuading them to make a statue of the beast which, although wounded by the sword, is still alive.”

Rev 17:9-14 identifies as facilitators of the Beast, leaders of G7 industrialized nations acting to promote Embryonic Stem Cell use, Rev 17:9-10 ..“And they are also seven kings, five of which have already fallen, one in power, and the seventh has not yet come”. Rev 18 is the prophecy about the destruction of the city called Babylon at the heart of these events. It is here that the description fits the City of London’s present status and colonial past.

Rev 17:18 ...“the woman you saw is the Great City which reigns over the kings of the whole world.” as the hub for commerce and site where the war against the Holy ones (embryos) began. This prophecy predicts enormous natural disaster. Rev 17:16 ...“They will destroy her and leave her naked: the will eat her flesh and set her on fire”, shows how World leaders became indifferent to the plight of London’s natural disaster. Rev 18:11 ..“The merchants of the world will mourn over her, for they will lose a market for their goods...”.

Timing to These Events

This is the most controversial issue of our analysis. We estimate that the events began on 7/7/2005, as Britain hosted the G8 summit described Rev 17:13,..“They all have only one aim and they place their authority and power at the service of the beast.” The terrorist attack on Great Britain on 7/7/2006, at one year anniversary, we cannot explain, except to say that this might be an act motivated by faith without reason, that we consider fanaticism. We must say here that, **the AAAC firmly condemns ALL forms of terrorism and terrorism cannot be justified for any cause.** AAAC believes that we must express our faith in the context of reason, and we must counter threats to faith with reason. The significance of the 7/7/2005 would mean that on 7/8/2008, we would expect the start of the last five months to December 2008, for which the prophecy recounts great retributions on leaders of the Earth (see Revelations 9). The events will last for 42 months.

Is it possible that we have a twisted or paranoid understanding of these prophecies in Revelations?

We pray that we do. But the events in China in the last few weeks, that we predicted under similar circumstances, after the mass abortions of women in Sichuan province on the afternoon of May 12th 2007, leads us to think we may just be right. Then, we had pointed out this prophecy in Revelations 6:10 - “They began to cry aloud, “Holy and righteous Lord, how long will it be before you render justice and avenge our blood on the inhabitants of the earth?” Rev 6:11...“until the number of their brothers and sisters...who would be killed ... would be completed.” Rev 6:12...“the Lamb opened the sixth seal, there was a violent earthquake.” We had no means to prevent such a disaster, and our hearts, prayers and sympathy are with the Great People of China who are victims. However, we are warned, that the time for retributions for actions against the Unborn, is now.

We recommend that the British government convene a theological council in consultation with the Church in Great Britain. The recommendations of the council should be used by government for appropriate actions.

Long Live the HRM the Queen!
Long Live the Great People of the United Kingdom.

Prince Dr Philip C. Njemanze MD. AAAC Chairman.
